

Hanscomb

Yardsticks for Costing 2014

Cost Data for the
Canadian Construction
Industry

Metric and Imperial

Hanscomb

Hanscomb, established in Canada over fifty years ago, is a firm of project control consultants to the construction industry. The firm provides services for projects of all types and sizes throughout North America and, with its international affiliates, many other parts of the world. Listed below are some of the services offered by the company.

Scheduling

Network analysis
Construction scheduling
Design & documentation scheduling
Schedule analysis

Feasibility Study Support

Budgets
Design cost studies

Quantity Surveying

Construction economics
Quantity takeoffs
Schedules of materials
Bills of quantities
Cost analysis
Cost benefit analysis
Elemental cost analysis
Cost control
Cost planning
Cost reports
Cost estimates
Replacement cost estimates
Preliminary cost estimates
Bid estimates
Operating cost estimates
Quantity surveys

Construction Loan Management

Loan monitoring
Site inspection
Condition surveys

Value Management

Value analysis
Life cycle costing

Arbitration

Claim settlement
Expert witness

Applied Research

Construction price indices
Cost data information systems
Cost control automation
Cost research
Project decision procedures

Contents 2014

Please read before using **YARDSTICKS FOR COSTING!**

To make it easier for you to pinpoint items, the manual is divided into six sections, each coded **A, B, C, D, E, and F.**

Note that Sections C and D are divided into two parts: one listing metric prices and the other listing imperial prices. Both listings use a Division number at the top of the page. This number corresponds to the **MASTERFORMAT 2012** specification. The Divisions are listed below.

To further help you use this manual, you'll find a visual guide on pages 3 and 4.

This comprises examples which clearly pinpoint the essential components of each section, and is preceded by notes on how to use the tables. We strongly recommend that before using the data you take time to look at Section A!

A	HOW TO USE THE MANUAL	2
B	INDEX TO SECTION C	5
C	CURRENT MARKET PRICES	Metric 10 /Imperial 76
D	COMPOSITE UNIT RATES	Metric 140 /Imperial 149
E	GROSS BUILDING COSTS	158
F	METRIC CONVERSIONS & ABBREVIATIONS	165

Current Market Prices Divisions—Metric and Imperial

	Metric Page Number	Imperial Page Number
1. General Requirements	10	76
2. Existing Conditions	12	78
3. Concrete	13	79
4. Masonry	16	82
5. Metals	19	85
6. Woods, Plastics & Composites	21	87
7. Thermal & Moisture Protection	24	89
8. Openings	28	93
9. Finishes	34	99
10. Specialties	41	106
11. Equipment	45	110
14. Conveying Equipment	46	111
21. Fire Suppression	47	112
22. Plumbing	48	112
23. Heating, Ventilating & Air Conditioning	52	117
26. Electrical	57	122
27. Communications	67	132
28. Electronic Safety & Security	68	132
31. Earthwork	68	133
32. Exterior Improvements	71	135
33. Utilities	73	137

Hanscomb's *Yardsticks for Costing* is published by RSMMeans, a product line of Reed Construction Data, which serves the construction industry in the U.S., Canada, Mexico, and other countries worldwide with information products and services that provide cost, product, and project activity information for design, construction, and facility management professionals.
